# TRI-COUNTY COMMUNITY CORRECTIONS

# SENTENCE TO SERVICE

## THE PROGRAM

The Sentence to Service (STS) program benefits **government and non-profit** agencies through an offender based work crew supervised on-site by Corrections staff.

Agencies complete a project proposal for work projects and agree to provide supplies. The STS program accepts projects that fit program work schedules, capabilities, and can be completed safely.

Corrections Staff screen offenders to determine who is eligible to participate in the STS program.

The STS program is operated by Tri-County Community Corrections with partial funding support from the MN Department of Corrections.
